

Monterey Peninsula Regional Park District - Measure E - Rebuttal

RECEIVED
REGISTRAR OF VOTERS
MONTEREY COUNTY

Vote NO on Measure E.

2016 AUG 24 PM 4:32

In their argument for taxes, the Park District uses lots of fine words. But that's all they have.

The Park District uses your tax money to buy land far from where most Peninsula residents live.

Our families and our children can't easily enjoy those remote parks. Our involvement with those parks is mostly limited to paying for them.

Meanwhile, our county's TRANSPORTATION AGENCY - not our Park District - will pay the bills to build and maintain a park that most of us could easily use. The Fort Ord Rec Trail and Greenway (FORTAG) is 30 miles of planned recreational trails and greenways that connect open space.

FORTAG is a perfect project for our Park District. It's where we live! It can be easily used for recreation.

But transportation taxes - not park taxes - are being designated to build FORTAG.

The Park District instead wastes our tax money on land very few of us will ever use.

The Monterey Peninsula Taxpayers Association recommends you Vote NO on Measure E.
